

## Our Team

The Cure Stat Rx team is made up of compassionate experts, passionate about making a difference through medicine. We refresh our training often, solicit routine monitoring, and test ourselves for competency and technique. Our processes are held to the same high standards, as we continuously fine-tune our operating procedures to optimize quality, service, and performance.

## Our Credentials

We've got all the right licenses. Licensed by the State Board of Pharmacy, our facility is certified for USP 797 and USP 800 sterile compounding by a third-party agency, and our compounding equipment is calibrated in compliance with standard compounding protocols. All our supplies come from licensed and reputed distributors.

## Take Your Prescribing Potential to the Next Level

If you're an oncologist or hematologist who needs a trusted partner for custom compounds and specialty medicine, Cure Stat Rx delivers.

## PERSONALIZED MEDICATION FOR ONCOLOGY AND HEMATOLOGY

Today, oncology and hematology are filled with hope and promise. Give your patients a little more of that when they need it most.

**If the commercially available treatment isn't viable...**

**If other compounding pharmacies can't meet your needs...**

One specialty pharmacy can. Meet Cure Stat Rx.

## Your Partner in Personalized Medicine

At Cure Stat Rx, our pharmacists are actively engaged in all aspects of cancer care and blood disorders, including the delicate preparation of oncology and hematology compounds. We have the knowledge, equipment, and availability to deliver a range of high-risk sterile compounds for blood clots, hemophilia/bleeding disorders, oncology treatment, and pediatric oncology, with services **including:**

- **Anti-Coagulation Therapy**
- **Anti-Hemophilic Factors**
- **Cancer Vaccines**
- **Checkpoint Inhibitors**
- **Chemotherapy**
- **Cytokines**
- **Immunotherapy**
- **Monoclonal Antibodies**

Your patients will face the best possible outcomes whether they're in home or in hospital settings, and whether they need their medicine intravenously, orally via pill or capsule, topically, or intravesical.

## Handled with Care

Chemotherapeutics demand careful precision. You get that and more with Cure Stat Rx. We are one of the few U.S. pharmacies with a state-of-the-art negative-pressure cleanroom that exceeds the guidelines outlined by the United States Pharmacopeia's (USP) Chapter 797 and 800.

Our 503A compounding services give you a cost-effective way to provide safe, powerful drugs to oncology and hematology patients, as well as supportive medications to relieve a range of symptoms, such as:

- Constipation
- Hemorrhoids
- Mouth sores/dry mouth
- Nausea
- Pain management
- Radiation burns
- Ulcers
